My dear Mr. Deane,

Am much pleased to hear from you again, and to know that you are getting along so well with your studies in U.E. Ericaceae and Umbelliferae. I know your pleasures with Mr. Brewster must be somewhat fascinating: ornithology so a study possesses peculiar charms, and exerted an almost hypnotic influence over me for a considerable period, but now it is much less so. Photography is getting in a little of its work now, with other things: a terrible temptation when one really gets started. Some years ago I took so much of my time that I almost wholly dropped it for several years.

Wish I could supply all your specified desiderata! Gaylussacia frondosa and Prunella integrifolia I can send you from this vicinity, however. Vaccinium & quercum I am not so sure about. Have never seen anything that could be properly called a variety worthy the name, although there is some slight tendency

in that direction. Nothing in my herb. comes under that head. *Levisticum officinale* I have from Mr. C. H. Biswell, Southington, Conn., and *Lonicera trifoliata* from Stratford, Ct. one lone specimen collected - presumably very rare.

Among other things of this year Conn. collecting, some of the following may interest you:

- ✓ *Amphicarpus Vitellus*?
- ✓ *Callitriche Austini*
- ✓ *Aster Harveyi*
- ✓ *Thysanotus ripensis*
- ✓ " *altissimus*
- ✓ *Scrophularia leporilla*
- ✓ " *Montlandria*
- ✓ *Heclisia officinalis*
- ✓ *Menyanthes*
- ✓ *Ilondia Americana*
- ✓ " *maritima*
- ✓ *Osorium Canadense*
- ✓ " *reflexum*
- ✓ *Picnura communis*
- ✓ *Hicoria glabra odorata* Long.
- ✓ *Singonanthus angustifolius*
- ✓ " *Atlanticeum*
- ✓ " *graminoides*
- ✓ *Eleocharis tuberculosa*
- ✓ *Scirpus Olneyi*
- ✓ *Agrostis intermedia*
- ✓ *Festuca capillata*
- ✓ *Helianthus Canad* Orange 19
- ✓ *Vitis rotundifolia* 20
- ✓ *Alnus* 19
- from these U. Eastern states are always most particularly desirable.
- ✓ *Ostrya am. glab.*

Probably these are all that could interest you. Would be pleased to send any of them with the others you desired.

Let me hear from you again, soon
Yours
C. H. Eames.

Have not made an exchange so far, and it begins to look very much as though I would get time for very few. Can you put me on the track of another good Eastern collector? Plants

from these U. Eastern states are always most particularly desirable.

Eames, Edwin Hubert. 1899. "Eames, E.H. Jan. 15, 1899." *Walter Deane correspondence*
