Dear Mr. Deane

I was very sorry to leave Cambridge without seeing you. The evening I started on a "wild goose chase" to find you found me with an engagement that I could not well fill and had to put off so I started to find you, with the result as you know it, and I was so fully occupied on Friday Evening and up to the hour of leaving Boston last evening that I could not get over to Cambridge again. I live in hopes of seeing that herbarium yet.

Can you find time — no hurry — to look over those plants I left? If you need any of them let me know and I shall be glad to send duplicates to you. They are a few of those collected in northern New Brunswick the past summer with Dr Gaumer. I have not yet attacked them, but hope to do so soon
Sincerely yours G. U. Hay
