

Brookland, L. C.

Octbr. 9th. 1915.

Dear Mr. Deane:

Your interesting letter from Shelburne was duly received, and I enjoyed reading about your work; I am especially glad to know that you are well.

With regard to myself I am now putting a large mon. in shape on Medicinal plants, and I have finally got all the material collected for this purpose. However there are some very few species, that I really had given up, having been unable to obtain them from Harlan Kilsey's otherwise so very well equipped nurseries, from whom I received several rare specimens of some trees. What I still need are some Conifers, and I came to think of that there might perhaps be obtained from the Arnold Arboretum.

Now I know nobody there, and I venture to ask whether you would not do me the great favor to ask the keeper of the Arboretum to send me by parcel post the species enumerated on enclosed list.

Hoping you can help me, and that you can do so without too much trouble believe me to be with kindest regards to Mr. Deane and yourself your sincere friend
C. D. C.

Holm, Theodor. 1915. "Holm, Theodor Oct. 9, 1915." *Walter Deane correspondence*
