November 15 1912

Dear Mr. Deane,

There seems to be little doubt  
that the leaves you sent me some  
days ago belong to *Phormium tenax*.  
This was my first impression, as I saw  
the specimen and subsequent comparison  
with herbarium material seems to  
confirm this determination, though in  
most specimens the veins are somewhat  
closer than in the specimens you sent me.

Yours very sincerely

Steph. H. Sargent
