

Jan - 1897.

My dear Deane:

You see I am making a good start for the New Year. Of course I have not intended to leave your letter unanswered so long but I have never been so busy. I have hardly been able to look over the work I did at Cambridge or to put it into shape for publication. I hope you are well. Our little friend Miss Gannett has been home and just returned to Cambridge.

She had many nice things to say of Mrs Deane.

It is a little more than a year since I announced the arrival of a pair of twins. Now another pair are here. You understand that these are both Deaneas and came from Mexico. I hope to have one or both illustrated by Dixon very soon.

Our friend Theo. Holm has made himself very unpopular here by his uncelled for eulogism of his associates here. I may write you of this again.

I suppose you have seen the tracings Mrs Robinson is making for me.

Mrs. Roe is very well this winter. The children are unusually well although we have had to take Rebecca out of school on account of her eyes.

Both Mrs. Roe and I send kindest regards to yourself & Mrs Deane.

Yours friend
J. M. Roe
