My dear Deane:

You card at hand. Very
glad to hear from you once more.

Yes you had better write to G. A. Lucas
acknowledging the Seal books. It was through
his kindness that the books were sent to
you. I am pleased to learn that you
obtained a set. The edition was small.

I have not heard of the White Pine article
but I will look it up soon.

Gouy to hear of the accident to Rhoda.

Yes we are all well once
more. Since I wrote you last
however we have had more
trouble. About three weeks after
Martha came home Mrs. Rose
was taken very sick and had
to be sent to the hospital also.

Here she had to undergo a rather serious operation. Although she was not gone long it seemed like weeks to us at home. She is quite herself again. Joseph and Martha are both as well as ever. It is interesting to hear them tell of their hospital experience.

Prof. Coulter and his family have gone back to Chicago. Our Revision is almost finished. It will contain numerous new species and several new genera. All the genera are to be illustrated.

I had a nice visit from Mr. Parry last week,

Walter Deane is well. How he loves his fire engine and how he does make it fly across the room. He cannot get the little fellow to talk. He seems to understand every thing we say but he will not try to use his tongue.

This Rose will add a line.

Your friend
J.M. Rose
