

No 6 Cushing St,

Providence, <sup>5</sup>Apr 16, 88

My Dear Mr Deane,

I shall be happy to  
send you a photo - as soon  
as the Sun - god can help  
the artist, This free is  
now concealed by a north-  
west cloud - and it is cold  
and dreary withal. To de-  
scend abruptly from metaphor,  
I at present have no extra  
pictures and must sit a-  
gain, I was pleased to learn  
yesterday from my cousin  
Mr T. B. Bailey - that he knew

you, this gives you a local  
habitation as it were. You  
is a point of crystallization,  
as it were, around which  
I can gather various floating  
ideas, and give 'em form.

Charles Bailey of Manchester  
England, sends me a charming  
notice of Dr Gray. He quotes  
part of my own.

You should join me  
this summer on a trip to  
Worcester Pond in the State, for  
Rhododendron, Yucca, Larch,  
manitoba etc. Don't that tree  
of far left you withal? And  
the Clem (!!!). What shall

I say of that excellent and  
excellent li value?

How a spot where Hepaticas grow - and  
on a well near it - Camptocarpus, think of me  
there about the 25<sup>th</sup> inst. - with the Quinids  
and the Chupada - and the all between  
Heater's and the most - sure my know,

Yours ever cordially  
W. W. Bailey
