

6 Cushing St

Providence - Oct 22, 1909

My dear Deane,

Loa Barnd told you
that I sent him a copy of
my Laboratory Guide, published
in 1897, I took it for granted that
yes or no I had also sent it
to you; if not, please let me
know & you shall have a copy,
I have some 100 of em - more or
less, probably more. After my re-
tirement - I don't know, we had
given them up, but there are good
things in 'em yet. I say it as
shouldn't. Mrs. Bailey is quite

set up by your praise, & it
seems she is much troubled at
the ovation given her by Horwath
Moffin - upon visiting their office,

and by the kindly way in which
D. C. Heath offers her unlimited
time on her new book, she is
bearing up very well. I've not
heard from her this week and
she owes me a Birthday ac-
knowledgment - here, not mine,
As you know, I arrived in some
package with G. Washington, but
belated till 1843,

I hear the Boston Trans-
cript copied one of my articles
in full! Was it the Poor-
press one? Can you find out?
I think it was last week some-
time. The paper was sent to
me by a friend but lost (damn it!)
we never it. The Poor Journal

has of late, put'd everything
I send em, I cannot account
for their return to grace, but I

give praise to the the three & good!

No! I had not heard of brother's
find, the really will be successful in
finding some! Shortest youth,

this Bailey had a fine Hunley

at Jamaica, it was in love with it
then ever, they might see too much

disregard that for time to be as excellent,

As I told you the stamping around on
have some is hardworking, and when they

have company in the city the 10th. I
needed to go to bed at 7.30 it was awful,

October when these nights I like the place

very much,

For all these
W. W. B.,

P.S. We are both me of the Empire state,

Bailey, William Whitman. 1909. "Bailey, William Whitman Oct. 22, 1909." *Walter Deane correspondence*
