EAST HARTFORD, CONN.

Dear Mr. Deane:-

I have been indulging myself in rather a lazy time the past week (practically nothing has happened except a meeting of the Directors of the Connecticut Botanical Society, corresponding to the Council of the N. E. B. C.); and the days have slipped by before I knew it. It hasn't been so with you, if you carried out your program; I hope you did and enjoyed it all.

Here is another historical document or better reminder of old times from the Davison papers. I was in college when it was written, approaching the end of my junior year.

It was my good to with you again - a

available born to me. I am only my I could
not do quite as much visiting with you
this time.

Sincerely as always
