

Great Falls, Montana

Feb. 12, 1890.

Walter Deane Esqr.

Dear Sir

I enclose a photo-
graph. I have no botanical album but
will begin one by asking a photo. of
yourself in exchange.

It must be a great deal of pleasure
to be able to meet such men as Prof.
Bailey. Of course one has no opportunities
that way out here.

We are having another remarkably mild
winter. Not a bad storm or scarcely any
snow yet. High winds have been blow-
ing for a day or two past - sending clouds
of dust through the streets. I am quite well
again now and have been mounting
some of my specimens lately

Very truly
