Walter Blane

Dear Sir.

Will you kindly favor us with information on  
the following subjects?

Your favor of Jan 14<sup>th</sup>  
aff-hands.

I am pleased to learn you  
like the specimens sent and  
regret that they were many  
of them deficient in roots and  
fruit.

I am well aware of  
the failing of my plants & in  
that regard but - when I  
consider that last year I  
dried and labeled outside of  
business hours over 7000  
specimens I do not believe  
I could have done it had  
I stopped to wash and dry the  
roots -

and oblige,

Yours truly,

C. G. LLOYD,

180 Elm street.
