

Lansing, Michigan, Sept. 5, 1885

My Dear Deane:

Just time for a line. The box of plants is rec'd with contents as fresh and bright as when they were picked. Please accept my everlasting Thanks. Also, be sure to send an item of your expenditure of time and money. Have rec'd a box of grapes from Churchill. Your dried plants also rec'd. Very nice. Thanks. The other day I found in abundance *Habenaria ciliaris*. Do you want any?

The fruiting spec. of Horse radish is very interesting. It is a great rarity. Never saw it before. Your spec. of *Gymnostichum hystrix* is also interesting - it is pubescent. (See Wheeler & Smith's Flora of Michigan)

I go to Grand Rapids next Tuesday, will be gone there and to my old home a week or so.

Have a good time at Nantucket.

Yours

L. H. B. Jr.
