My Dear Deane:

My Carex Synopses have come at last. I send you one.

It will do you good to look up the Texan plants and you will get a good lot of plants too.

I was much pleased with Thoreau's picture. Many thanks.

I am about half through with my Minn. plants. Patterson cannot get my labels done for a couple weeks yet, so cannot get my Carex off this month.

Yours as ever,

L. H. Bailey, Jr.

Thanks for the pockets of fruits. I like to have the fruit separate in that way.
