HORTICULTURAL DEPARTMENT.

Agricultural College, P. O.,

Ingham Co., Mich., Dec. 11 1887

My Dear Deane:

I am under great obligations to you for your daily information concerning Dr. Gray. I am gathering much hope for his ultimate recovery, although I fear that he can never prosecute his labor to any extent again. Yet we must hope for the best. It is all very sad.

I will look up the matter of Dr. Beal's book as soon as I get time.

I have put into my herb. all the plants which you have sent except those which I am to examine. They are a fine lot, and I appreciate them, I assure you. Of course I already had many of them, but they are just as acceptable for all that. I am more and more impressed with the necessity of having several specimens of each species and variety.

Yours as ever, L. H. Bailey, Jr.

The cuttings are here in good condition. Thanks.

Bailey, L. H. 1887. "Bailey, Liberty Hyde Dec. 11, 1887." *Walter Deane correspondence*
