Dear Deane;

Yrs. my wound has troubled me. It is only in the last two weeks that I have made a decided gain. I am now feeling well. I saw my surgeon a few days ago and he says that I am doing well. The pain will wear off. I hope, soon.

To-morrow I am to start for the Hudson River region to be gone a week or

ten days. Letters sent here will be forwarded.

Yrs. the corn rows are very interesting. I  
once made the discovery and was much  
entertained by it.

I am collecting scarcely anything  
this year except in my garden.

Yours truly  
S. H. Bailey
