

Hb. Gray  
Aug. 30

My Dear Deane:

Your note is very welcome. I shall be here for nearly or quite a week yet. I have a lot of puzzles, but *Brassica* particularly. I hope to make the next issue of *Gent. Herb.* a *Brassica-Sinapis* paper. By the way, I want more specimens of *Brassica campestris* and *B. juncea*. If they grow by you, perhaps you can put some in press.

Dr Robinson came in this morning; expects to return tomorrow. Fernald is in Nova Scotia. Dr Payson is here, but leaves for Wyoming in a day or so. It is very quiet here now, but the conditions for work are extra good. There is lots of daylight, and I get over here about 7 A.M.

Yours all the time  
L. H. Bailey

Bailey, L. H. 08-30. "Bailey, Liberty Hyde Aug. 30." *Walter Deane correspondence*
