

SMITHSONIAN INSTITUTION
UNITED STATES NATIONAL MUSEUM

S. P. LANGLEY
SECRETARY, SMITHSONIAN INSTITUTION

WASHINGTON, D. C., Feb. 4, 1901.

Mr. Walter Deane,
Cambridge, Mass.

My dear Deane:

Now as to your two Umbelliferae questions:- first I send you by mail our specimen of Coriandrum sativum from New England. The material is not very plentiful but you are at liberty to retain a bit for your own collection. Second, you will note on page 18 of the Monograph "that the range given is often the reported range" which is true in the case of Thaspium trifolium aureum. You will observe that we have mentioned no specimens examined from New England and therefore the New England localities are so far as we are concerned, hearsay. We have taken the range from Britton and Brown.

Yours very truly,

Assistant Curator,

Division of Plants.

Roe, J. N.

Coccardium (hairy)

Therapsid.

Rose, J. N. 1901. "Rose, J.N. Feb. 4, 1901." *Correspondence relating to preliminary lists of New England plants, 1897-1904 (inclusive)*
