

Springfield Aug. 1-1884.

Please tell me while it is fresh in your mind,
if you didn't find Carex umbellata, Lekt. in
Nantucket during your late visit. I generally
put such things on my list as once but I find
no record of this. I think you said that the plant was
too far gone to make a good specimen, but that you
took it in your hand, and were sure of it. Am I right?
Mr. Morong writes to me that the grass which he
thinks at first might be Poa alsodes is only a small
specimen of Poa serotina. It is the one I sent you.
Yours truly Mr. L. C. Ward.

NOTHING BUT THE ADDRESS TO BE ON THIS SIDE.

Mr. Walter Deane
Montague
Mass.

Owen, Maria L. 1887. "Owen, Maria Louisa Aug. 1, 1887 [postcard]." *Maria L. Owen letters to Walter Deane*
