

Springfield, April 6-1903-

Dear Mr. Deane,

Do you know of anybody who would like a small collection of New Zealand mosses, unnamed? I have about fifty which I should be glad to give away. Mr. Eric Craig sent them to me in 1881, but I am no bryologist, and I never did anything with them. They are nicely pressed and neatly put up in separate papers; on the other hand they are faded from age, although they have hardly seen the light for a minute in all these years, and many of them are unprinted. Such are their merits and

defects, and if they can do any-
body any good it is a pity that
they should stay in a box on the
top shelf of a closet forgotten except
when housecleaning brings them to
memory. If you know now or
ever hear of anybody who would like
them, only send me the address and
he (or she) shall have them by mail
without your taking any further
trouble.

I hope you and Mrs. Deane
are well - as well as we are in
this house, for the spring finds
us in very good condition.

With my regards & best
Yours very truly
Maria L. Owen.

Owen, Maria L. 1903. "Owen, Maria Louisa Apr. 6, 1903." *Maria L. Owen letters to Walter Deane*
