

Clifton Keweenaw Co., Mich.
Phoenix P.O., 12-27-88.

Mr. Walter Deane

My Dear Sir:

Yours of the
13th came to hand a few days ago.
Many thanks for the names.
But I think that the specimen of
E. hyemale is as true a variety as
the others.

I should not have kept
it back simply because Mr. Under-
wood did not mention it in his
book; for the matter of that the
others are not mentioned but still
they are figured & described varieties.
I send you some more to-day &
also to D. C. Eaton.

I will let you
know what the result is,

Yours Respectfully
O. A. Forwell

over

Would it be too late to get a
few plants recorded in Grays Manual
(New edition) for Mich. as I have found
some new ones. *Trifolium agrarium*,
T. hybridum, *Lva xanthifolia*, *Salix*
balsamifera Barrett, *Ranunculus flammula*
var. *intermedius*, *Erysimum cheiranthoides*,
