

U. S. DEPARTMENT OF AGRICULTURE,
DIVISION OF BOTANY,
WASHINGTON, D. C.

January 2, 1896.

Mr. George E. Davenport,
Medford, Massachusetts.

My dear Mr. Davenport:-

I send you to-day by registered mail a box containing the ferns of which I spoke in my last letter, as well as one recently sent me by Mr. E. W. Nelson from Mexico. One set of Dr. Palmer's Acapulco plants he wishes you to keep for your herbarium.

I have not heard from Mr. Pringle since his return to Mexico. Will you tell me where to address him?

Yes, I suggested that a set of Hugo Finks plants be sent to you. I understand, however, that Mr. Fink's determinations are very bad indeed, and Mr. Coville proposes to have a new set of labels sent out very soon. I would suggest therefore that you do not mount the specimens until you hear from him.

Yours very truly,

Assistant Botanist.

Rose, J. N. 1896. "Rose, Joseph N. Jan 2, 1896." *George Edward Davenport correspondence* –.
