

Columbus, O.

Sept. 18, 1857

Dear Gray

Yours with letters  
from & to Wilkes were well.

One is here returned, the other  
was mailed.

About your going to Wash-  
ington, that must depend  
upon your views of the best way  
of fixing up the matter. If  
you think you can do it by  
writing - very well. But Wilkes  
is such a glib fellow in writing, I

believe it would be less  
trouble to you & take very  
little more time to run  
down to Worthington & do  
the thing up "viva voce".  
all at my expense of course.

In my last I told you  
what I wanted.

I can very easily make  
4 plates more answer for the  
Hepatica, making in all  
30 plates. —

Your Atlas of Plants is very  
beautiful — cordially  
W. S. Sulverant
