

Columbus O. Nov. 10 1857

My dear Gray

If it is going to be a year
before our friend Wright's cabinet
Fungi & Lichens are ready for
distribution, I think I could
have the M. & L. ready by that
time. — Now would he prefer
this — or that I pay \$70 for the
whole & take my time to examine
them — if the latter, I would
expect to distribute several sets after
a while — to Hooker of course & to others.

Send on the N. Pacific Mss

I Apptee as won as ready.

Then I'll (D. v.) put through
right side up. — But I must
say I don't like your plan of
publishing by Curators, unless (which
is hardly probable) the collections are
very extensive. — It has a scrap-
py straggling look — deficient as a
whole & incomplete in its parts —
recommends this. I like the size
of the plates, and the condensing
of the ~~text~~ letter press. —

I'll write again in a
day or two & send drawings of
Genes Museum —

as ever your friend cordially
Wm S. Sullivan
