

Washington City D C
Jan 25-1904

Dear Dr. Robinson

The Department of
Agriculture is fast getting into form
my notes of Economic Importance
There is to be a description of all the
journeys made. The number of plants as
far as can be made from published reports
showing the number of new species ob-
tained at each locality

I have no record of the plants collected
during my Florida trip. They were put into
sets at Cambridge have you come across
any records of that or any of my other of
my botanical journeys made by Prof
Gatson he published in one of his papers
some new Florida species we have that
Could you send us a copy of the label
upon your botanical specimen in your
Herbarium of *Castalia flava* (*Nymphaea flava*
it was first collected on my Florida trip
Yours Sincerely Edward Palmer

Palmer, Edward. 1904. "Palmer, Edward Jan. 25, 1904 [to Benjamin Lincoln Robinson]." *Edward Palmer letters* –.
