

Wife & 2 boys at Easton. -

I will alone here - Harriette
visiting - (Cleveland).

She has set through a splendid
Bot course to the School teachers
at S. Kensington. An hour's lecture
in the morning is followed by
each student spending 6 hours
with plants, pen, ink, paper,
pencil, color box, microscope
& depicting ^{the books} ~~in~~ ^{the} ~~the~~
subject of the lecture: & in
6 weeks they have seen ~~drawn~~
& depicted, pollen-tubes, embryo
sacs, Fern impregnation, & Fungus,
Mousetailia, & all classes. Chamae,
Perianthium, - besides several
Morphology - & anatomy & the
Morphology. Much if continued
in the greatest move in Botany
teaching ever in America.

Dear Gray

I have just received
from a very pleasant

some & Ardetta
Sturges, who I left
Baden last week
improved & made
a capital companion
even as jolly as
the cruise. & as
we did toil & labor
wonderful Geology
Prof. (repon is
S. W. Thummes;

John sent me some letters
yesterday. - There is not Jerry.
- Newman has written about
Minors for Mrs. Mayle.
My Monisties was no great
attack, but at my age! The
pneumonia became a pneumonia.
I shook it off in my little town
in the lapel with Lubbock &
Grand Hall - but I shall catch
it again next spring without
a doubt.

Thanks a thousand my dear
friend for your congratulations on
N. A. L. I shall do my duty
with my mouth - but I do feel

growing oppressed &
inquiet. Thanks for
lines return on a
me. How glad I
you have Salvator's
William with John
in a gift, the friend
collection of land.

I have seen Curran
