

Berkeley, Aug. 31, 1883.

Dear Dr. Gray:-

It was a batch - that - last - in which many of the things had not been carefully looked at by me, hence so many of my guesses at n. sh. have proven poor guesses. I had not reached the conclusion that - the Cal. Goupinum is different - from the Chilean, from looks only. There are good Chilean specimens in the Herb. Cal. Acad., and I had carefully compared them. My Senecio Arizonicus is far from S. Hartwegii, according to the leaf for which I am obliged to you.

Yours as ever, E. L. Greene.
