

Dear Sir, These Seeds were put up for you by my friend, Miss E. C. Morris, in the hope that they might, by culture, be interesting to you. I therefore forward them, in her name. If you will acknowledge the receipt of them, in a note to her, I think it will prove the commencement of an interesting correspondence. She takes great interest in your operations in behalf of Vegetable Science. Her residence is Germanstown, Penn.

I hope my little parcels, by Harnden's & Sons, will not be deemed a bore, by you.

I shall soon write you, at greater length - I hope to hear from you, in return.

In haste, Yours truly V.D.  
West Chester,
