UNITED STATES NATIONAL MUSEUM

UNDER DIRECTION OF

THE SMITHSONIAN INSTITUTION

WASHINGTON

October 6, 1899

My dear Mr. Deane:

Thank you very much for the photograph of the young field mice. They are Microtus pennsylvanicus I should think. Their tails appear so long that at first I thought they might be Enolomys; but I never knew Enolomys to live in a meadow.

I am making up some sets of Spocynum paratypes to distribute and I have you on my list.

Sincerely

Gerrit S. Miller Jr.

Miller, Gerrit S. 1899. "Miller, Gerrit Smith Oct. 6, 1899." *Walter Deane correspondence*
